MEMORANDUM FOR: Deputy Director for Intelligence  
SUBJECT : Recommendation that ONE Employ a  
Summer Intern

1. Four years ago when we initially staffed through the DD/I Summer Intern Program, it was the Director's view that the Office of National Estimates ought to be omitted from the program because of the political sensitivity of certain types of ONE papers. Our summer intern program has grown considerably, and it has proven a useful undertaking. We now have 30 candidates "in process"; although we will lose some of them in the course of events, it is clear that we will have an especially high quality group this summer. I will be forwarding a complete report on the program in the near future.

25X1 2. This year an exceptionally able applicant, [redacted] appeared after OCI, and other appropriate offices, had filled their quota. I passed the applicant's jacket to the Office of National Estimates for review. ONE would like to interview the applicant and put him in process as a summer intern. [redacted]

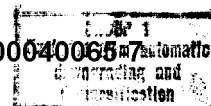

25X1 [redacted] His area specialty is the Middle East, and he has already published in scholarly journals. He is mature; he has lived and studied in the Middle East; and, I believe, he is an especially promising long-term prospect.

25X1 3. Consequently, I recommend that an exception be made to the general ground rules and that ONE be permitted to bring [redacted] aboard this summer, assuming that he meets all of the processing requirements. [redacted] who monitors the summer intern program for the Office of Personnel concurs in the above recommendation.

Chief, Special Research Staff
